Send questions or comments to doi ... Sat, 09 Feb 2019 18:12:00 GMT Resolve a DOI Name -

fundamentals of evidence based health care and translational science

Mindfulness-based stress reduction (MBSR) is a program that incorporates mindfulness to assist people with pain and a range of conditions and life issues that were initially difficult to treat in a hospital setting. Developed at the University of Massachusetts Medical Center in the 1970s by Professor Jon Kabat-Zinn, MBSR uses a combination of mindfulness meditation, body awareness, and yoga to ...
