Prehistoric Britain -

Wikipedia - Bronze Age

Britain is an era of British

history that spanned from c.

2500 until c. 800 BC.

Lasting for approximately

1,700 years, it was preceded

by the era of Neolithic

Britain and was in turn

followed by the period of

Iron Age Britain. Being

categorised as the Bronze

Age, it was marked by the

use of copper and then

bronze by the prehistoric

Britons, who used such

metals to fashion tools.
