thinking - For thinking to be critical thinking, it must be reasonable thinking. Compare critical thinking to driving a car. There are rules for good driving (e.g., merge when entering an interstate), but merely following the rules won't make you a good driver. To be a good driver you have to follow the rules mindfully. Chapter 1 What Is Critical Thinking? - Pearson UK - Teaching Critical Thinking. The pamphlet begins by explaining why critical thinking is a valuable skill worth developing and then moves into the mechanics of the intellectual approach. Paul and Elder ask students to break apart an article and locate the main purpose of the article, the key questions the author is asking,...
